ROANKUN'S ONE YEAR IN SCANLATION

April 25 marks the day that the first chapter I ever translated was released, which was chapter 4 of Haganai Plus with Seinagi.

Yes, I had to add this to the release because I wanted everyone to see it >:)

Well, since then, I've translated 237 chapters for 52 different series. Couldn't believe myself that I've actually done all that, but hey, I guess I'm just that awesome. XP

I've learned a lot more moonrunes and Photoshop stuff, installed a lot of fonts and met some really nice people. That makes me glad I ever got into scanlation. :D

I was getting kinda close to quitting though, since it gets really tedious, boring and annoying at times, but I think I can stay for a little while longer. (can't really leave after I just met some really nice typesetters > <)

So I'll be around for some more time.
Happy anniversary to me (XD) and cheers to the future!

-roankun

P.S. Inspired by RZK's anniversary post, the list of names (in random order and font) around this are the people I met in the scanlation community, even if I've only ever talked to them once. XD They helped me reach this point, one way or another
